

Lichens collected from Îles Kerguelen

List in preparation

Argopsis friesiana

Arthrorhaphis alpina

Caloplaca johnstonii

Carbonea assentiens
Carbonea phaeostoma

Cladonia chlorophaea
Cladonia fimbriata
Cladonia humilis

Haematomma erythromma

Lecanora atrocaesia
Lecanora disjungenda
Lecanora dispersa
Lecanora epibryon ssp. *broccha*
Lecanora "subfusca"

Lecidea lapicida var. *lapicida*
Lecidea lygomma

Lecidella wulfenii

Leciophysma subantarctica

Leptogium puberulum

Lithographa graphidioides

Megalaria allantoidea ad int.

Menegazzia sanguinascens

Micarea incrassata

Notolecidea subcontinua

Ochrolechia "quaterna" in sched.

Orceolina antarctica
Orceolina kerguelensis

Pannaria dichroa
Pannaria hookeri
Pannaria pulvinula

Parmelia kerguelensis

Pertusaria cinerania
Pertusaria ochrolechioides
Pertusaria subfoliosa
Pertusaria subperrimosa

Phyllopyrenia tessellata

Poeltiaria urbanskyana

Poeltidea perusta

Porpidia austroshetlandica
Porpidia stephanodes

Protopannaria acicornis
Protopannaria azorellae

Psoroma hirsutulum

Rhizocarpon cf. copelandii
Rhizocarpon geminatum
Rhizocarpon geographicum

Schadonia fecunda

Siphulastrum mamillatum

Steinera "brattii" in sched.
Steinera glaucella
Steinera molybdoplaca
Steinera nigra
Steinera sorediata

Stephanocyclos henssenianus

Stereocaulon cymosum

Tephromela atra
Tephromela eatonii

Tremolecia atrata

Turgidosculum complicatulum

Usnea antarctica

Usnea taylorii
Usnea trachycarpa

Verrucaria durietzii

Xanthoparmelia stygiodes
